Simple Elegance! I love your sofa. Drop by my space, maybe you could give me some decorating tips.

Wow you did an excellent job. Just perfect! Are you a professional interior decorator? My teenage daughter would call this really FAT (Which is a great compliment)

Looks like a model. I personally like living in a "model" and I can see that you do to. Very well edited and a work of art. Great job.

The room is very well put together, just looks too showroom, like no one lives in it.
